

# Lab

K Arnold

# Q&A

| Grading? Feedback?

We're catching up. HW1 and Quiz 1--2 are done.

| New structure? Grading?

We'll implement slowly. By default everything is same. No changes to due dates or grading distribution

| (When) do I need to physically attend class?

Physical attendance always optional (see policy). We'll try in-person and see how that goes.

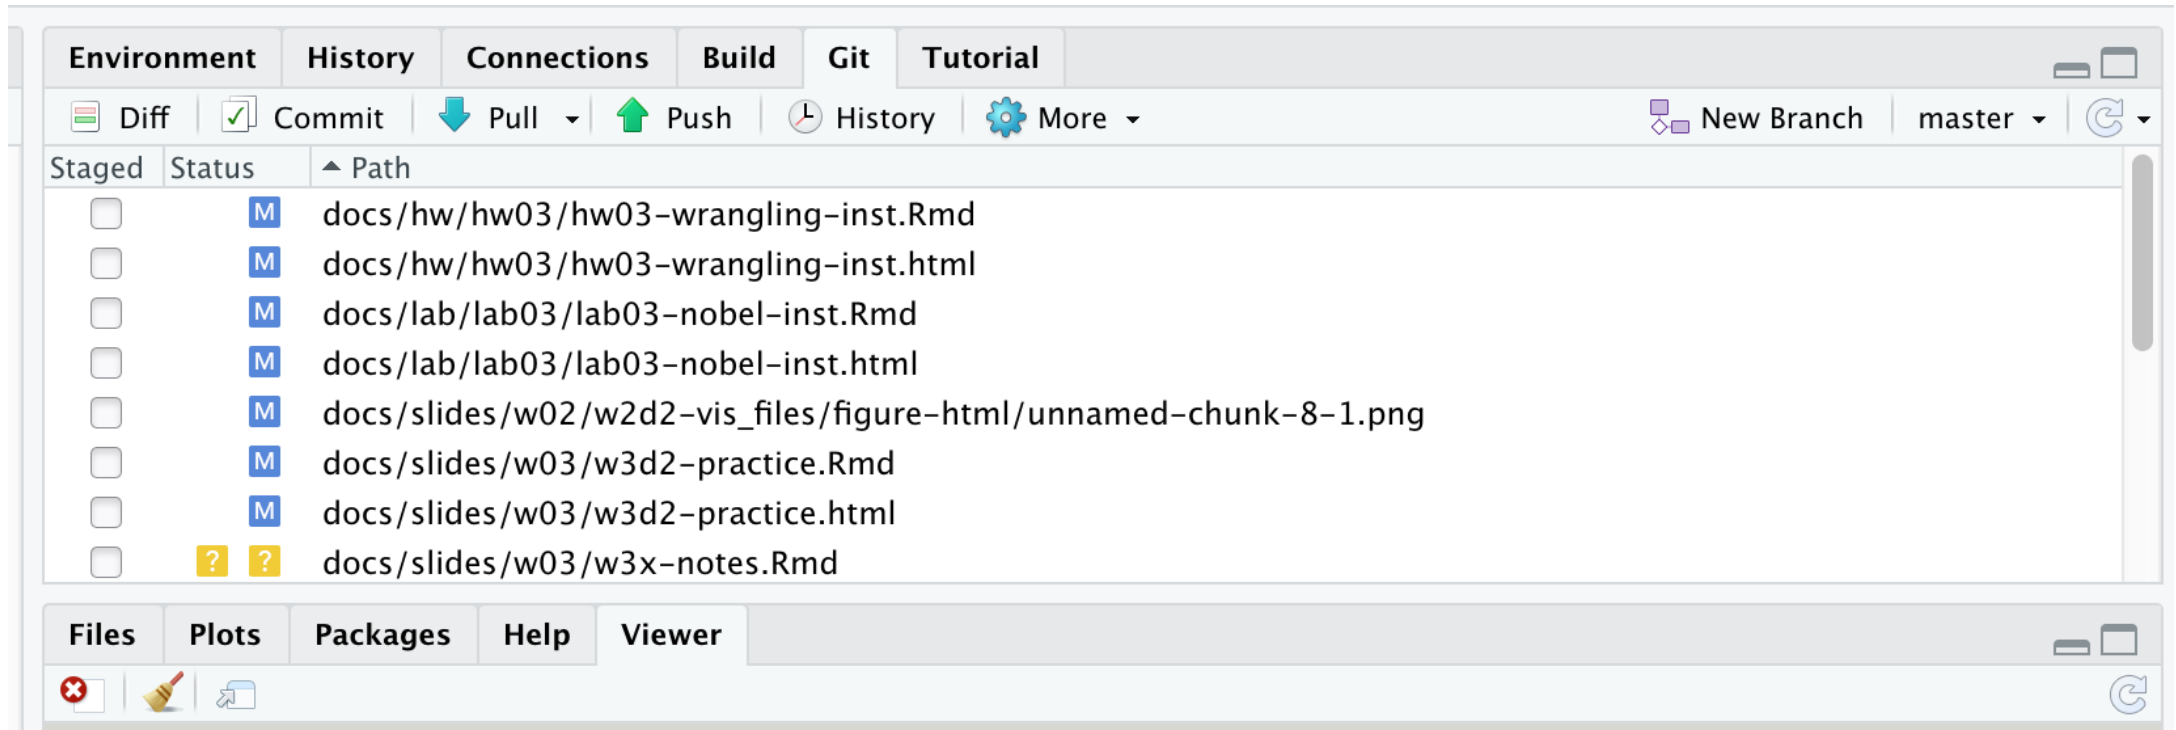

# Q&A

| When Python?

In a couple weeks.

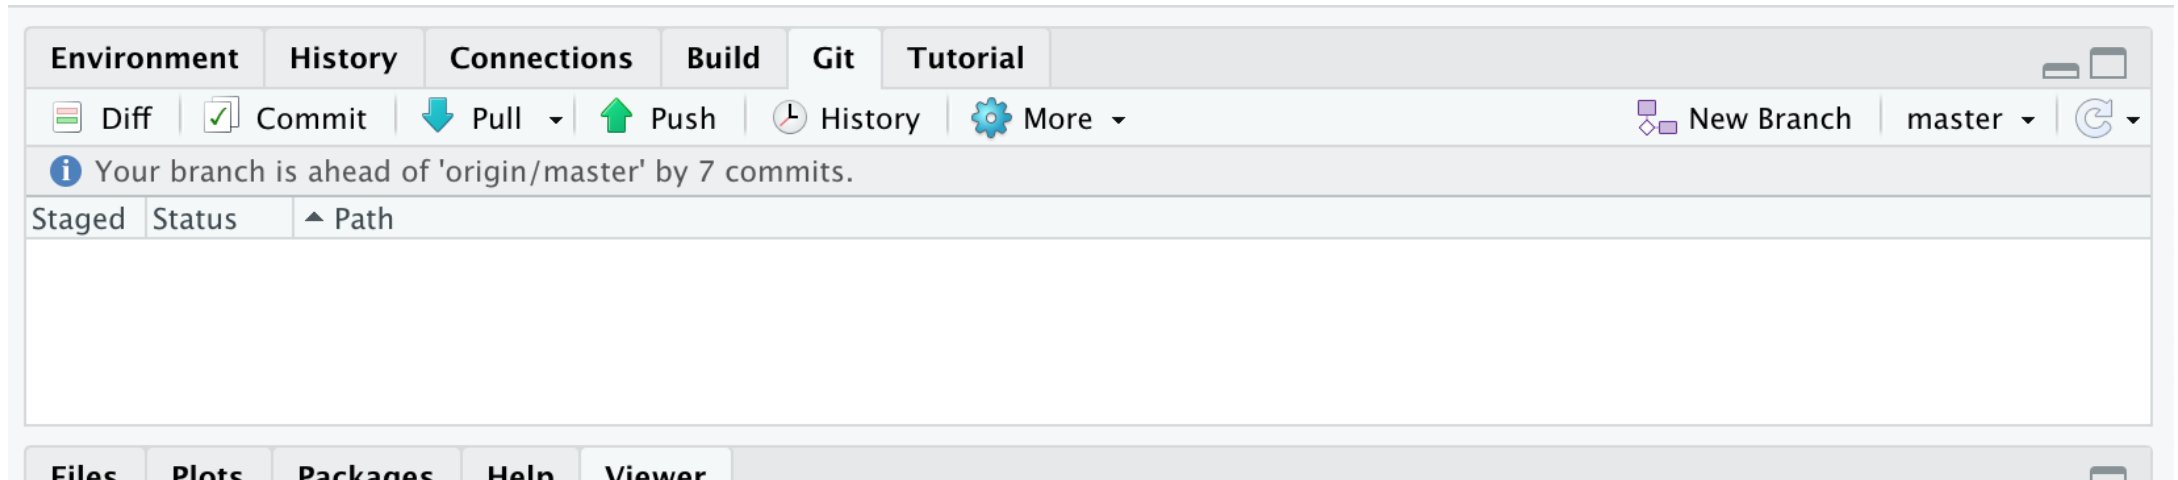

# Git Tab

Yes:

# Work through Lab 3

Some highlights:

- Inline R code (see Additional Notes on Moodle)
- Forgetting to Knit or to stage
- pipeline gotchas (like forgetting a `%>%`)
- ggplot gotchas (like forgetting a `+`)
- multiline function gotchas (like forgetting a `,`)
- aesthetic mappings for bar plots (Lab exercises 3 and 5)
